

GOVERNMENT FURNISHED PROPERTY (GFP) LIST
FOR
GROUND-BASED MIDCOURSE DEFENSE JOINT PROGRAM OFFICE
ACCESS CONTROL OPERATIONS CONTRACT

This effort provides Access Control Center (ACC) operational service support requirements for the Directorate for Security, Counterintelligence and Information Assurance of the Missile Defense Agency in support of the Ground-Based Midcourse Defense (GMD) Joint Program Office. This effort will provide protective services to government employees and prevent unauthorized access to designated areas, equipment, material, and documents to protect property and documents from espionage, sabotage, damage, and theft.

The contract will be performed at the GMD facility at 5000 Bradford Drive in Huntsville, Alabama and the GMD Operations Center in Building 4505 on Redstone Arsenal, Alabama. To facilitate interaction with GMD technical and management personnel, the contractor program manager or supervisor shall maintain an office at both GMD on-sites. For the above reasons, the following GFP list is required for this contractual effort.

Computers

Integrated Security System
